# FINEART

La "sartoria" di Ceramica Sant'Agostino - azienda precorritrice e leader di questa attuale tendenza nelle superfici ceramiche attraverso le creazioni DIGITALART e TAILORART, riferimenti unici ed originali già presenti sul mercato - si completa con FINEART, l'ennesima lettura innovativa del tessuto in gres porcellanato, realizzato con stampa digitale di ultimissima generazione e leggera struttura tridimensionale. La trama fine, le tinte tenui e delicatamente melange, la proposta di formati anche piccoli come il 20x20, le decorazioni sofisticate e misurate, conferiscono a questa collezione un sapore elegante e rassicurante, dal design raffinato e versatile che si "cuce su misura" a qualsiasi spazio domestico, oltre che a tutte le soluzioni in ambito piccolo commerciale, fra cui, in particolare, hotellerie e retail.

The "tailoring" of Ceramica Sant'Agostino - the pioneering company and leader of this current trend in ceramic surfaces through the unique and original collections DIGITALART and TAILORART already on the market - is completed with FINEART, one more innovative fabric porcelain collection, made with the ultimate generation of digital printing technique and a light three-dimensional structure. The fine texture, the soft tones and delicate melange, the small sizes such as the 20x20 - 8"x8", the sophisticated and moderate decorations, give this collection an elegant and reassuring flavor, with a sophisticated and versatile design that is tailor-made to any domestic space, as well as to all the solutions in the small business area, including, in particular, hotellerie and retail.

**Piastrelle con grafica a linee direzionate**

Caratterizzata dal tipico design che richiama l'armatura di un tappeto intrecciato a righe e a quadri in cotone, ogni singola piastrella di FINEART presenta un verso, che va rispettato e seguito nelle operazioni di posa di una serie di piastrelle, sia a pavimento sia a parete, per ottenere la corretta resa estetica ed il miglior effetto possibile d'insieme.

Tiles with graphic directional lines

Characterized by the typical design that incorporates the armature of a entwined cotton lines and squares carpet, any single FINEART tile presents a direction, which must be respected and followed during the tiling, both on the floor wall, to get the best possible aesthetic result.

Fliesen mit grafischen Richtungslinien

Durch das typische Design gekennzeichnet, das an die Bindung eines Teppichs mit eingeflochtenen Baumwollstreifen erinnert, gibt jede einzelne FINEART Fliese eine bestimmte Richtung vor, die bei der Verlegung einer Fliesenreihe am Boden oder an der Wand beachtet und befolgt werden muss, um die korrekte ästhetische Wirkung und den bestmöglichen Gesamteffekt zu erzielen.

Carreaux décorés avec lignes directionnelles

Il se caractérise par la conception typique qui rappelle l'armure d'un tapis tissé avec lignes et toiles de coton. Chaque carreau de FINEART présente un sens de pose, qui doit être respecté et suivi dans les opérations de pose des carreaux, tant au sol ainsi qu'au mur, afin d'obtenir l'esthétique optimale et le meilleur effet de l'ensemble.

Плитка с рисунком в виде линий определенного направления

Каждая отдельная плитка коллекции FINEART, характеризующаяся типичным дизайном, напоминающим переплетение хлопкового полотна в полосу, должна быть повернута определенным образом при укладке, как при облицовке полов, так и при облицовке стен, для получения правильного результата и наилучшего внешнего вида композиции.
